The members of Racial Justice Rising are ordinary people who are troubled by the persistent racism that plagues this country. Believing that the damage caused by racism must be repaired before our society can be whole, we work for just and respectful treatment for all. We share a vision of a multi-racial, multi-cultural, multi-lingual, and multi-faith community.

Our mission is to:

- *Help build the movement for racial justice by contributing to a deeper understanding of systemic racism and racial justice.*
- *Engage in restorative activities that help to heal the racial divide and bring justice for people targeted by racism.*

While much of our work is focused in our local area, Franklin County, MA, we reach out to and are connected with the broader movements in our region and the nation.

Thank you, readers who send us information for these newsletters! We welcome links to articles, videos, event listings, and other resources.
